### **Enroll in Parallel 44's Wine School**

**Whether you are just curious about wine, or need a fun afternoon out, our Wine School is for you!** At Parallel 44, we strive to be your trusted source for wine education and appreciation. That's why we are launching the Parallel 44 Wine School. It is a 6 part series that covers everything from Winemaking and Grape Growing, to the History of Wine, Wine Tasting and Food Pairing. Each course is only \$15.00 and includes a glass of wine (Course fee is deducted from the purchase of 12 bottles of wine or more on the day of the course). Attend one course or attend all 6. The first one starts on Sat., March 21, 2009 from 1pm to 2:30pm. [Click Here](#) for more information.

### **Parallel 44 Winter Update**

You may wonder what we are up to at Parallel 44 during these long winter months. For us, it is a busy time for wine making. During these days we are tasting & analyzing our wines as they mature and we begin to bottle the 2008 vintages. Many of our red wines continue to age in the barrel. The vines continue to rest, as they await the first breath of Spring air and we again busy ourselves with pruning and preparing them for Summer. Our hopes of Ice Wine were cut short this year by our furry gopher friends, who ate all our sweet tasty grapes in late October. But make plans to help in the ice wine harvest in December 2009. Our tasting room remains open and a haven for those who seek respite from the Winter.

### **2009 Calendar of Events**

This is also the time we plan our 2009 Calendar of Events. In addition to the Wine School, we will again be Hosting Our Spring Open House, Summer Music Nights, Fall Harvest Fest and Holiday Open House. We will also host many smaller Food Pairing Events that were so popular last year. [Click Here](#) for dates and details.
